### MEDICAL MISSION MARKS ANNIVERSARY

St. Francis Hospital and Medical Center honored its International Medical Mission recently on the program's fifth anniversary. More than 500 volunteers have served on 18 missions in three countries providing care to more than 3,500 patients. Pictured are, from left, Dr. Ibrahim Daoud, originator and founding member of the mission and director of minimally invasive surgery at St. Hospital and Medical Center; Sister Judy Carey, vice president of mission integration; and Dr. Michael R. Bourque, founding member of the mission team and a senior attending physician in the OB/GYN Department at St. Francis Hospital.
